Education

● Computer Engineering – 2025

Islamic University of
Gaza
GPA : 88.5

Language

Arabic

Englisg

● Samary

I am a Computer Engineering graduate from the Islamic University of Gaza – Class of 2025 with a GPA of 88.5. I have a strong foundation in web development, cybersecurity, and software tools. My experience includes building educational websites, designing on Canva, and working on real-world tech projects using agile methodology. I enjoy learning new technologies, creating organized reports, and simplifying complex topics into easy-to-understand tutorials. I'm passionate about continuous improvement and teamwork, with hands-on experience in both software and electronics.

● Work Experience

Intern – Nusairat Municipality
Web Development (Front-End & Back-End)
2025 - 2026

- Built and maintained websites using HTML, CSS, JS, PHP
- Contributed to improving user experience and functionality

I worked remotely in data entry with the AI-Amal Registration Team.
